

RNTP 2025

Orléans
04—06 novembre
Rencontres nationales
du transport public

**France's key
mobility event**

rencontres-transport-public.fr  

Be part of RNTP 2025!

France's National Public Transport Conference (RNTP), the country's biennial mobility event, is coming to Orléans in 2025, bringing two events to one place.

Boost your customer relations!

Reach new prospects and grow your brand awareness at a tradeshow representing a diversified, innovative sector.

Make the most of good coverage

You'll benefit from all the communication about the event and the online and offline media plan; use promotional resources provided by the organisers.

① GART and UTPF conference

900 delegates will be meeting in Orléans for this three-day event. Councillors, local authority officers, operators, industrial players and entrepreneurs, institutional players, researchers, journalists and some

100 speakers will be talking about how to build tomorrow's mobility together. The 2025 Conference will be a great place for all stakeholders to exchange views, with keynote talks, workshops, topical talks and technical visits.

② The Exhibition

Over 200 exhibitors will have the opportunity to present their innovations at RNTP and benefit from the support of two leading experts in mobility: France's Transportation Authorities Group (GART) and its Public and Rail Transport Union (UTPF). 8,000 public transport professionals are expected to visit.

The quick and simple exhibition package is tailored to your needs, with two options available.

1. Turnkey stand packages from 9 to 54sqm

Includes:

- Stand structure and partitions between the stand and neighbouring spaces
- Floor carpeting
- Sign
- Consumer unit
- Lighting: spotlight bar
- Daily stand cleaning.

2. Bare space from 55sqm

Bare space for you to install your own stand.

Both options come with several benefits:

- Free access pass to the GART/UTPF conference
 - Inclusion on all online and offline exhibitor lists (map, website)
 - Detailed exhibitor page in the exhibition's online catalogue
 - PR kit to help you promote your presence at the event
- And more besides!

Indoor exhibition space is also available for the display of static equipment and rolling stock.

Present and enhance your offering within one or more of the following categories:

Mobility authorities / Local authorities	Cleaning and sanitising services
Ticketing and e-money	Mobility operators
Design, fittings, accessibility, street furniture	Media

Exhibit in a brand new venue!

CO'Met is Orléans' brand new exhibition centre, featuring bold architecture and a design tailored to the needs of tradeshow.

A prime location

RNTP is coming to Orléans. The city's efficient bus and tram network brings you from the city centre and its hotels to CO'Met in no more than 20 minutes.

A shiny new exhibition centre

CO'Met's architecture, with facades clad in metal mesh, echoes the gentle meanders of the Loire.

The design offers an ideal exhibition environment, including four open-plan exhibition halls on the ground floor and access by escalator to the upper floor where the GART/UTPF Conference is being held.

The facility also boasts a large number of fully-equipped meeting rooms.

Create business opportunities

Supported by the Centre-Val de Loire Region and Orléans Métropole, RNTP 2025 is coming to a region committed to expanding mobility.

Partners rising to the challenges of the energy transition

This edition of the RNTP will be taking place on the banks of the Loire, at the gateway to the Sologne and on the edge of the Forest of Orléans in a setting rich in nature and culture. Event partners Centre-Val de Loire Region and Orléans Métropole are fully committed to the goals of the energy transition, modal transfer and low-carbon mobility; they'll be sharing their experience with participants during talks, official ceremonies and technical visits.
